Notes

- Lars brought up for-in loops. It was decided that this would be a good topic for the f2f.
- Graydon gave update about his progress.
- Cormac has made some progress on the type checker. He has some questions on the AST.
  - functions and function applications are beginning to work.
  - holding off on objects and namespaces until the f2f, the extra expertise will be helpful.
  - Jeff: did Graydon's changes to the definition phase affect you?
  - Graydon offered to pass in information collected during the definition phase to the type checker. Cormac thinks that this could be helpful.
  - Jeff: so it sounds like one of the goals of the f2f will be integration.
