## LISTING OF SOFTWARE NAMES

---

TR/10

2nd Edition – March 1982

Free copies of this document are available from ECMA,  
European Computer Manufacturers Association  
114 Rue du Rhône – 1204 Geneva (Switzerland)

1. PURPOSE

The purpose of this Listing is to assist ECMA members to avoid problems which may result from the use and/or registration of identical or confusingly similar software names by different companies.

2. SCOPE

- 2.1 This Listing of software names used by ECMA members is administered by the ECMA Secretariat. For the time being it is open to ECMA members only.
- 2.2 This Listing has no legal effect, and ECMA will neither arbitrate nor take part in negotiations between parties arising from alleged conflict of names.
- 2.3 There is no commitment as to the completeness of this Listing. Absence of a name from the Listing has no legal implications and does not mean that it is available for use and/or registration. Addition of a name to the Listing of itself confers no right to the company adding the name.
- 2.4 Contributions by ECMA members to this Listing are entirely voluntary. Communication of a list of names by a company does not imply that no other names are used and/or registered by that company.
- 2.5 ECMA is not responsible for errors or omissions and accepts no liability whatsoever for use by any party of any software name whether or not included in this Listing.
- 2.6 Companies are encouraged to review their Listing annually and remove unused names.

3. MANAGEMENT OF THE LISTING

- 3.1 Free copies of the Listing are available upon request to anyone, whether or not member of ECMA.
- 3.2 The Listing is re-printed annually. The master copy is updated continuously whenever entries come into the ECMA office. Enquiries whether a particular name not appearing in the latest version of the Listing has been added recently will be answered.
- 3.3 Lists of names intended for the Listing must be edited according to the format described below.
- 3.4 Each ECMA member having filed a list of names has to designate a representative entitled to answer further enquiries on his Company's product names. His name and address are indicated at the end of the Listing.

#### 4. FORMAT OF THE LISTING

The format of the Listing is as follows:

SOFTWARE NAME	OWNER'S NAME	OWNER'S REFERENCE	DATE OF ENTRY
---------------	--------------	-------------------	---------------

##### 4.1 SOFTWARE NAME

The Listing is sequenced alphanumerically, digits preceding letters. Punctuation characters are ignored in sequencing.

##### 4.2 OWNER'S NAME

The name of the owner is entered in abbreviated form where needed. The only legally relevant name of the owner is that indicated by the persons quoted at the end of the Listing.

##### 4.3 OWNER'S REFERENCE

Entries in this field are optional. If any entry has been made, it should be quoted when an enquiry on a particular name is made.

##### 4.4 DATE OF ENTRY

The date on which a name has been received at the ECMA office is the entry date.

SOFTWARE NAME	OWNER'S NAME	OWNER'S REFERENCE	DATE OF ENTRY
